ADVANCES IN PHYSICS

EDITOR

PROFESSOR N. F. MOTT, M.A., D.Sc., F.R.S.

EDITORIAL BOARD

SIR LAWRENCE BRAGG, O.B.E., M.C., M.A., D.Sc., F.R.S.

SIR GEORGE THOMSON, M.A., D.Sc., F.R.S.

PROFESSOR A. M. TYNDALL, C.B.E., D.Sc., F.R.S.

VOL. VI. Nos. 21-24. 1957.

LONDON :

TAYLOR & FRANCIS, LTD., RED LION COURT, FLEET STREET, E.C.4.

*Printed by Taylor & Francis, Ltd.,
Red Lion Court, Fleet Street, London, E.C.4*

CONTENTS OF VOL. VI. (Nos. 21-24)

NUMBER 21—JANUARY

	Page
The Thomas-Fermi Approximation in Quantum Mechanics. By N. H. MARCH, Department of Physics, The University, Sheffield	1
The Experimental Study of the Optical Properties of Metals and the Relation of the Results to the Drude Free Electron Theory. By L. G. SCHULZ, Institute for the Study of Metals, University of Chicago, Chicago, Illinois.....	102

NUMBER 22—APRIL

Introductory Remarks. By P. M. S. BLACKETT	147
Palaeomagnetic Measurements on Karroo Dolerites. By K. W. T. GRAHAM and A. L. HALES, Bernard Price Institute of Geophysical Research, University of the Witwatersrand, Johannesburg	149
Palaeomagnetic Collections from Britain and South Africa Illustrating Two Problems of Weathering. By A. E. M. NAIRN, Physics Dept., King's College, Newcastle.....	162
The Sampling of Rocks for Palaeomagnetic Comparisons between the Continents. By S. K. RUNCORN, Physics Department, King's College, Newcastle-upon-Tyne, I.....	169
Comparison of Palaeomagnetic Results for Selected Rocks of Great Britain and North America. By P. M. DU BOIS, Department of Geodesy and Geophysics, Cambridge.....	177
Palaeomagnetic Investigations of Carboniferous Rocks in England and Wales. By J. C. BELSHÉ, Department of Geodesy and Geophysics, Cambridge	187
Recent Magnetic Investigations at Cambridge University. By J. C. BELSHÉ, Department of Geodesy and Geophysics, Cambridge.....	192
Rock Magnetism: a New Approach to Some Palaeogeographic Problems. By E. IRVING, Research Fellow in the Department of Geophysics at the Australian National University, Canberra, A.C.T.....	194
Some Recent Palaeomagnetic Measurements made at Imperial College, London. By J. A. CLEGG, E. R. DEUTSCH, C. W. F. EVERITT and P. H. S. STUBBS, Department of Physics, Imperial College of Science and Technology	219
Magneto-Geological Mapping in Iceland with the use of a Compass. By T. EINARSSON, University of Iceland	232
Direction of Magnetization in Icelandic Basalts. By TH. SIGURGEIRSSON, National Research Council, Reykjavik, Iceland.....	240

NUMBER 23—JULY

Studies of Remanent Magnetism and Viscous Magnetism in the Basalts of Iceland. By ARI BRYNJÓLFSSON, Institut für Geophysik der Universität, Göttingen	247
Palaeomagnetic Study on a Quaternary Volcanic Region in Japan. By T. NAGATA, S. AKIMOTO, S. UYEDA, Y. SHIMIZU, M. OZIMA and K. KOBAYASHI, Geophysical Institute, University of Tokyo, Japan.....	255
Magnetic Interaction between Ferromagnetic Minerals Contained in Rocks. By T. NAGATA, S. UYEDA and M. OZIMA, Geophysical Institute, Tokyo University	264

Magnetic Properties of Ferromagnetic Oxide Minerals as a Basis of Rock-Magnetism. By S. AKIMOTO, Geophysical Institute, Tokyo University...	288
The Problem of Reversed Magnetizations and its Study by Magnetic Methods. By J. H. PARRY, Physics Department, King's College, Newcastle-upon-Tyne	299
Some Field and Laboratory Studies of the Depositional Remanence of Recent Sediments. By D. H. GRIFFITHS, R. F. KING and A. E. WRIGHT, Department of Geology, University of Birmingham.....	306
Remanent Magnetism of the Russell Belt of Gneisses, Northwest Adirondack Mountains, New York. By J. R. BALSLEY and A. F. BUDDINGTON, U.S. Geological Survey, Washington 25, D.C.	317
Reflection Microscopy of Ferromagnetic Minerals. By A. P. MILLMAN, Department of Mining Geology, Imperial College, London.....	323
Crystallization Magnetization. By RICHARD R. DOELL, Department of Geology and Geophysics, Massachusetts Institute of Technology, Cambridge, Mass.	327
Remarks relative to Maxwell's Formula for the Magnetic Susceptibility of Disseminated Materials. By L. B. SLICHTER, Institute of Geophysics, University of California, Los Angeles, California.....	333
Chemistry and Magnetic Properties of some Ferrimagnetic Oxides like those occurring in Nature. By E. W. GORTER, Philips Research Laboratories, N.V. Philips' Gloeilampenfabrieken, Eindhoven-Netherlands.....	336
The Role of Magnetostriction in Rock Magnetism. By JOHN W. GRAHAM, Carnegie Institution of Washington, Department of Terrestrial Magnetism, Washington 15, D.C.....	362

NUMBER 24—OCTOBER

The Generation of Static Charge. By W. R. HARPER, 67 Burton Court, London, S.W.3.	365
A Theory of the Fracture of Metals. By A. N. STROH, Department of Physics, University of Sheffield	418

PLATES

1. Illustrative of T. EINARSSON's Paper on Magneto-Geological Mapping in Iceland with the use of a Compass.
- 2-8. Illustrative of T. NAGATA *et al.*'s Paper on Magnetic Interaction between Ferromagnetic Minerals Contained in Rocks.
- 9-10. Illustrative of A. P. MILLMAN's Paper on the Reflection Microscopy of Ferromagnetic Minerals.
- 11-13. Illustrative of W. R. HARPER's Paper on The Generation of Static Charge.
- 14-17. Illustrative of A. N. STROH's Paper on A Theory of the Fracture of Metals.
